Applicant CITRAMED. LTD.		

This International Search Report has been prepared by this International Searching Authority and is transmitted to the applicant according to Article 18. A copy is being transmitted to the International Bureau.

This International Search Report consists of a total of 5 sheets.

☐ It is also accompanied by a copy of each prior art document cited in this report.

1. Basis of the report

a. With regard to the language, the international search was carried out on the basis of the international application in the language in which it was filed, unless otherwise indicated under this item.

☐ The international search was carried out on the basis of a translation of the international application furnished to this Authority (Rule 23.1(b)).

b. ☐ With regard to any nucleotide and/or amino acid sequence disclosed in the international application, see Box No. I.

2. ☐ Certain claims were found unsearchable (See Box II).

3. ☐ Unity of invention is lacking (see Box III).

4. With regard to the title,

☒ the text is approved as submitted by the applicant.

☐ the text has been established by this Authority to read as follows:

5. With regard to the abstract,

☒ the text is approved as submitted by the applicant.

INTERNATIONAL SEARCH REPORT

International application No.
PCT/IL2004/000329

Box II Observations where certain claims were found unsearchable (Continuation of item 2 of first sheet)

This International Search Report has not been established in respect of certain claims under Article 17(2)(a) for the following reasons:

1. ☐ Claims Nos.:
because they relate to subject matter not required to be searched by this Authority, namely:
2. ☐ Claims Nos.:
because they relate to parts of the International Application that do not comply with the prescribed requirements to such an extent that no meaningful International Search can be carried out, specifically:
3. ☐ Claims Nos.:
because they are dependent claims and are not drafted in accordance with the second and third sentences of Rule 6.4(a).

Box III Observations where unity of invention is lacking (Continuation of item 3 of first sheet)

This International Searching Authority found multiple inventions in this international application, as follows:

see additional sheet

1. ☐ As all required additional search fees were timely paid by the applicant, this International Search Report covers all searchable claims.
2. ☐ As all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite payment of any additional fee.
3. ☐ As only some of the required additional search fees were timely paid by the applicant, this International Search Report covers only those claims for which fees were paid, specifically claims Nos.:
4. ☒ No required additional search fees were timely paid by the applicant. Consequently, this International Search Report is restricted to the invention first mentioned in the claims; it is covered by claims Nos.:

Remark on Protest

- ☐ The additional search fees were accompanied by the applicant's protest.
- ☐ No protest accompanied the payment of additional search fees.

FURTHER INFORMATION CONTINUED FROM PCT/ISA/ 210

This International Searching Authority found multiple (groups of) inventions in this international application, as follows:

1. claims: 1-10,53-57,78-90

A composition comprising an activated citrus peel extract (ACPE), use of an activated citrus peel extract (ACPE) for the preparation of a preservative composition and a process for the preparation of an activated citrus peel extract (ACPE) prepared by an activation method which includes exposure of citrus peels to at least one pathogen.

2. claims: 1,11-49,51,52,58-62,64 (all of them in part)

A dermatological composition comprising an activated citrus peel extract (ACPE), the use of an activated citrus peel extract (ACPE) for the preparation of a dermatological formulation and a method for the treatment of a subject suffering from a skin condition, said ACPE is prepared by an activation method which includes exposure of citrus peels to at least one pathogen.

3. claims: 46-50,52,58-63 (all of them in part)

A composition for preserving foods and beverages comprising an activated citrus peel extract (ACPE) and a method for preserving foods and beverages comprising ACPE, said ACPE is prepared by an activation method which includes exposure of citrus peels to at least one pathogen.

4. claims: 1 (in part),65-77

A biocide composition for cleaning and disinfecting, comprising surfactant and an activated citrus peel extract (ACPE), said ACPE is prepared by an activation method which includes exposure of citrus peels to at least one pathogen.
